Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Cancel claim 6 without prejudice.

Remark: The subject matter of claim 6 is drawn to compounds of formula II, which is not the elected subject matter.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Jane Terry on 5-24-04.

Allowable Subject Matter

Applicant's amendment of 03-11-04 has been fully considered. All non-elected subject matter has been cancelled. With claim 6 cancelled, claims 1-5, and 7-11 are allowed.

The following is an examiner's statement of reasons for allowance:

The invention is drawn to compounds of substituted pyrimidine having a side chain of $-\text{CH}(\text{R}^2)-\text{N}(\text{R}^3)-\text{W}-\text{Ar}$.

The closest prior art is the teaching of **Bargar et. al.** (Pesticide Sciences, 1999, Vol. 55 (11), pp. 1059-1069). Bargar et. al.

disclose two compounds that fall within the genus of formula (I) claimed herein. However, the instant claims 1-5 have excluded the disclosed compounds. With no equivalent teaching, and no bridging reference, the teaching of Bargar et. al. alone cannot render obvious the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
